The concept of renewal is rich with meaning and depth. It incorporates processes whereby a school connects with its beliefs and values, reflects on the past, plans for a hope-filled and enhanced future and takes action to realise that future.

Each year the staff reviews developments in attaining our priorities and sets goals for the year ahead.

The purpose of this brochure is to report on the goals achieved this year.

It is hoped that through our renewal we will be working to develop in the children a love of life and learning, a respect for themselves and others and a desire to model their life on the life of Jesus thus achieving our Mission.

### Annual Implementation Plan 2010

To enhance the religious life of the school and strengthen the Catholic identity of the school community.

- Due to delays in construction, sacred spaces in outdoor surrounds have begun and will be completed in 2011.
- The designing and construction of other sacred icons in school grounds will commence in 2011 due to delays in the progress of the Master Plan of the school.
- Each class was presented with a lantern, the icon which represents Nano Nagle, at the Welcome Mass in February.
- Celebration Days commemorated the charisms of our school during the year at the Family Masses in August and November.
- Seven staff members continued to participate in the Spirit Fire Program.
- The 60th Anniversary of our school was planned for and celebrated. A very special occasion for OLA!
- Evangelisation and Faith Formation at Our Lady of the Angels’ were critiqued and suggestions made for development.

### Catholic Identity and Ethos

OLA Mission Statement

As a Catholic community, inspired by the lives of Nano Nagle and St. Francis, we empower and celebrate all as lifelong learners and leaders. We embrace joy, service and respect by shining with life, learning with love and growing with God.
**School Organisation and Administration**

To fulfil our responsibility for providing organisational and administrative support and endeavouring to develop a high quality contemporary, learning and leadership environment.

- Technology infrastructure and provision was investigated, wireless access was upgraded and the roll out of improved hardware was started.
- CTC tool was used to audit the technology skills of staff.
- School plan for professional development in, and resourcing of, ICLT was commenced.
- OLA website was reformatted and updated, with the addition of a link to our P&F webpage also established.
- The implementation of our plan for sustainability was commenced, including recycling bins for food and paper, Arbor Day Tree Planting, Litterless Lunches and the instigation of the Student Environmental Club.
- P21 Project, the Landscaping Master Plan and landscaping of the Early Years Precinct were completed. Stage Three of the School Master Plan, including construction of the new Resource Centre and Multi-purpose Centre was begun.

**Relationships and Community**

To develop and support positive relationships through an environment that nurtures each person’s growth and potential.

- Opportunities to enhance professional learning within the community included ICT inservices for students with staff; parent information meetings on Sensory Processing, Transitions to Middle Primary, Teaching Social Skills and Support-a-Reader training workshop and modifications to staff goal setting and professional development processes.
- Audiovisuals for the church were installed in a joint parish/school project.
- A whole school positive behaviour reward and monitoring program was implemented.
- Staff, children, parents and caregivers were involved in strategic planning for the future of our school at Board, P&F and staff meetings and through survey and process participation. These processes included needs resourcing, new uniform, renaming of the newsletter, Landscaping Master Plan and evangelisation and spiritual formation.
