Achievements for strategic goals for 2010 are outlined below.

### Broad Strategic Goal on Faith & Community Development

**We intend to nurture a pastorally supportive and inclusive culture through the tradition of our Dominican heritage, catering for the diverse needs of all.**

#### Goals for 2010

- To increase opportunities to witness as an inclusive, caring community.
- To increase opportunities in reaching out to members of our school community and the wider community.

#### Some Achievements

- Teachers assisted children in initiating, planning and including the community to reach out to others e.g. Harmony Day, Knitting for the homeless, raising money for charity, guest speakers from Caritas etc.
- Greater inclusion of wider community in special ceremonies e.g. ANZAC Day.
- Opportunities were provided for staff to peer mentor and support each other.
- Opportunities were provided for staff to come together and celebrate special events.
- Relationships with San Sisto continue to be nurtured.

### Broad Strategic Goal on Curriculum

**We intend to be a community that develops life long learners through our approach to teaching & learning, and effective use information, co, communication, & learning technologies.**

#### Goal for 2010

- To become familiar with the structure of the new Australian Curriculum and participate in trials as required.
- To embed ICLT thinking and practices throughout our curriculum planning.

#### Some Achievements

- Teachers were provided with opportunities to explore the structure and content of the Australian Curriculum, facilitated by the Curriculum Team and BCE Curriculum Personnel.
- Teachers implemented in their classrooms a range of contemporary practices from learnings provided by BCE ICT personnel.
- The ICLT Team explored and developed plans to support teachers in their implementation of contemporary practices in the classroom.
- The restructuring of the Resource Centre to be more conducive to contemporary teaching and learning to provide flexibility and greater access for the integration of technology into the curriculum including timetabling.
- Students have now begun to have greater access to computers with the ‘roll out’ of student laptop ‘sets’ and additional desktops in classrooms.
- All classroom teachers provided with laptops for individual use.
- Completed draft Role Description for Curriculum Support Teacher (Technology).
Broad Strategic Goal on Learning Communities

We intend to be a community of connected learners engaged in a whole school approach of success for all learner through shared responsibility, equity and high quality education

Goals for 2010

- To identify and establish Professional Learning Communities within St Martin’s.

Some Achievements

- Teachers participated in funded projects for Inquiry Learning and Curriculum Differentiation
- Staff members presented various professional learning opportunities for colleagues
- Teachers developed Professional Learning Plans from identified goals and achievements were acknowledged
- Peer Performance and Development Leaders supported colleagues with developing goals & identifying achievements

Broad Strategic Goal on Resourcing & Quality Assurance

We intend to continually develop effective and transparent management practices to support our process of school renewal

Goals for 2010

- To continue to make improvements to environment and resources for effective quality and inclusive education.
- To engage the services of professionals for accountability and planning.
- To carry out the process of an External Validation for School Renewal.

Some Achievements

- Refurbishments of all Year 4 classrooms (BER funded)
- Refurbishments to the remaining Year 3 classrooms
- The near completion of the Dominic Centre - Indoor Sports/Assembly Hall (BER funded)
- The installation of the wireless network across the whole school
- Development of new Maintenance Plan for facilities
- Engagement of new Financial Auditor
- Successful External Validation and Internal Review of School Renewal priorities
