Our Lady of the Assumption School is a medium sized inner north Brisbane school which has a fairly wide catchment covering diverse socio-economic circumstances. There are a significant number of defence families (52 enrolled children) in the school because of our proximity to the Enoggera Army Base. This impacts on our teaching and learning because many of these children have experienced a variety of school and education systems.

Promoting social skills and building resilience in our students is an important focus of our work at OLA. Our programme focuses upon behaviour expectations and the explicit teaching of what these expectations look, sound and feel like for the children.

How Information and Communication Technologies are used to assist learning

We have a ratio of one computer for every 3 students. The school has wireless connectivity. Our students are provided with numerous learning opportunities from Prep to Year 7 wherein they utilize a range of software and peripherals within Information Technology. It is our practice to have equipment such as digital still and video cameras, scanners, video editing programs in the hands of the children.

Social climate inclusive of pastoral care and our response to bullying

OLA provides a caring environment in keeping with our tradition as a Good Samaritan school. This occurs through our Buddy Class relationships - Year 7 are buddies to Year 2, Year 6 students are buddies to the Year 1 children and Year 5 are buddies to our Prep students. In this way supportive relationships are forged between the younger students and older students. This can be particularly important in the playground if a younger child needs support, attention or recognition. All reports of bullying are taken seriously and investigated.
